HONEST ELECTIONS.

The Registry Law Passed by the Last Legislature.

An act further supplemental to the elections of this Commonwealth:

Section 1. *Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met and it is hereby enacted by the authority of the same,* That it shall be the duty of each of the assessors within this Commonwealth, on the first Monday of June each year, to take up the transcript he has received from the County Commissioners under the eighth section of the act of 15th April, 1834, and proceed to an immediate revision of the same, by striking therefrom the name of every person who is known by him to have died or removed since the last previous assessment from the district which he is the Assessor, or whose death or removal shall be made known to him, and to add to the same the name of any qualified voter who shall be known to him to have moved into the district since the last previous assessment, or whose removal into the same shall be or shall have been made known to him, and also the name of all who shall make claim to him to be qualified voters therein. As soon as this revision is completed he shall visit every dwelling house in his district and make careful inquiry if any person whose name is on the list has died or removed from the district and, if so to take the same therefrom, or whether any qualified voter resides therein whose name is not on his list, and if so to add the same thereto; and in all cases where a name is added to the list a tax shall forthwith be assessed against the person; and the assessor shall in all cases ascertain, by inquiry, upon what ground the person so assessed claims to be a voter. Upon the completion of his work, it shall be the duty of each assessor as aforesaid to proceed to make out a list, in alphabetical order, of the white freemen, above twenty one years of age, claiming to be qualified voters in the ward, borough, township or district of which he is the assessor, and opposite each of said names set the Christian and surname of said freeman in full, if he be known by such name, and if not so known then the initial letter of his Christian name, and the surname at full length; and if any such freeman is or is not a householder; and if he is, the number of his residence, in towns where the same are numbered, with the street, alley or court in which situated; and if in a town where the same are not numbered, the name of the street, alley or court on which said house fronts, also, the occupation of the person; and where he is not a householder, the occupation, place of boarding and with whom, and if working for another, the name of the employer, and write opposite each of said names the word "voter," where any person claims to vote by reason of natural ization, he shall exhibit his certificate thereof to the assessor, unless he has been for five consecutive years next preceding a voter in said district; and in all cases where the person has been naturalized, the name shall be marked with the letter "N," where the person has merely declared his intentions to become a citizen and designs to be naturalized before the next election, the same shall be marked "D. I.," where the claim is to vote by reason of being between the ages of twenty one and twenty-two, as provided by law, the word "age" shall be entered; and if the person has moved into the election district to reside since the last general election, the letter "R." shall be placed opposite the name. It shall be the further duty of each assessor as aforesaid, upon the completion of the duties herein imposed, to make out a separate list of all new assessments made by him and the amounts assessed upon each, and furnish the same immediately to the County Commissioners, who shall immediately add the names to the tax duplicate of the ward, borough, township or district in which they have been assessed.

Sec 2. On the list being completed and the assessments made as aforesaid, the same shall forthwith be returned to the County Commissioners, who shall cause duplicate copies of said lists, with observations and explanations required to be noted as aforesaid, to be made out as soon as practicable and placed in the hand of the Assessor, who shall, prior to the first of August in each year, put one copy thereof on the door of or on the house where the election of the respective district is required to be held, and retain the other in his possession, for the inspection, free of charge, of any person resident in the said election district who shall desire to see the same; and it shall be the duty of the said Assessor to add, from time to time, on the personal application of any one claiming the right to vote, the name of such claimant, and mark opposite the name "C V," and immediately assess him with a tax noting, as in all other cases, his occupation, residence, whether a boarder or householder; if a boarder, with whom he boards; and whether naturalized or designing to be, marking in all such cases the letters, opposite the name, "N" or "D I," as the case may be, if the person claiming to be assessed be naturalized, he shall exhibit to the Assessor his certificate of naturalization; and if he claims that he designs to be naturalized before the next ensuing election, he shall exhibit the certificate of his declaration of intention; in all cases where any ward, borough, township or election district is divided into two or more precincts, the Assessor shall note in all his assessments the election precinct in which each elector resides, and shall make a separate return for each to the County Commissioners, in all cases in which a return is required from him by the provisions of this act; and the County Commissioners, in making duplicate copies of all such returns, shall make duplicate copies of the names of the voters in each precinct, separately, and shall furnish the same to the Assessor; and the copies required by this act to be placed on the doors of or on election places on or before the first of August in each year, shall be placed on the door of or on the election place in each of said precincts.

Sec 3. After the assessments have been completed on the tenth day preceding the second Tuesday in October of each year, the assessor shall, on the Monday immediately following, make a return to the county commissioners of the names of all persons assessed by him since the return required to be made by him by the second section of this act, noting opposite each name the observations and and explanations required to be noted as aforesaid; and the county commissioners shall thereupon cause the same to be added to the return required by the second section of this act, and a full and correct copy thereof to be made, containing the names of all persons so returned as resident taxables in said ward, borough, township or precinct, and furnish the same, together with the necessary election blanks, to the officers of election in said ward, borough, township or precinct, on or before six o'clock in the morning of the second Tuesday of October; and no man shall be permitted to vote at the election on that day whose name is not on said list, unless he shall make proof of his right to vote, as hereinafter required.

Sec. 4. On the day of election any person whose name is not on said list, and claiming the right to vote at said election, shall produce at least one qualified voter of the district as a witness to the residence of the claimant in the district in which he claims to be a voter, for the period of at least ten days next preceding said election, which witness shall take and subscribe a written or partly written and partly printed, affidavit to the facts stated by him, which affidavit shall define clearly where the residence is of the person claiming to be a voter; and the person so claiming the right to vote shall also take and subscribe a written, or partly written and partly printed affidavit, stating, to the best of his knowledge and belief, where and when he was born; that he is a citizen of the Commonwealth of Pennsylvania and of the United States; that he has resided in the Commonwealth one year, or if formerly a citizen therein and has moved therefrom, that he has resided therein six months next preceding said election; that he has not moved into the district for the purpose of voting therein; that he has paid a State or county tax within two years, which was assessed at least ten days before said election; and, if a naturalized citizen, shall also state when, where and by what court he was naturalized, and shall also produce his certificate of naturalization for examination; the said affidavit shall also state when and where the tax claimed to be paid by the affidavit was assessed, and when, where and to whom paid, and the tax receipt therefore shall be produced for examination unless the affiant shall state in his affidavit that it has been lost or destroyed, or that he never received any; but if the person so claiming the right to vote shall take and subscribe an affidavit, that he is a native born citizen of the United States, (or if born elsewhere, shall state the fact in his affidavit, and shall produce evidence that he has been naturalized, or that he is entitled to citizenship by reason of his father's naturalization;) and shall further state in his affidavit that he is, at the time of taking the affidavit, between the ages of twenty one and twenty-two years; that he has resided in the State one year and in the election district ten days next preceding such election, he shall be entitled to vote, although he shall not have paid taxes; the said affidavits of all persons making such claims, and the affidavits of the witnesses to their residence, shall be preserved by the election board, and at the close of the election they shall be enclosed with the list of voters, tally list and other papers required by law to be filed by the return judge with the prothonotary, and shall be open on all times with in the prothonotary's office, subject to examination of any citizen of such papers, if the election officers shall decide the applicant or applicants possess the requisite qualifications of voters, in order they shall be required to vote, and the name of such persons shall be added to the list of taxables by the election officers, the word "taxable" being used where the claimant claims by tax, and the word "age" where he claims to vote on age, the same words being added by the clerks in the poll books respectively on the lists of persons voting at such election.—

Sec 5. It shall be lawful for any qualified citizen of the district, notwithstanding the name of the proposed voter is contained on the list of resident taxables, to challenge the vote of such persons, whereupon the same proof of the right of suffrage as is now required by law shall be publicly made and acted on by the election board, and the vote admitted or rejected, according to the evidence; every person claiming to be a naturalized citizen shall be required to produce his naturalization certificate at the election before voting, except where he has been for five years, consecutively, a voter in the district in which he offers his vote, and on the vote of such person being received, it shall be the duty of the election officers to write or stamp on such certificate the word "voted," with the month and year; and if any election officer or officers shall receive a second vote on the same day, by virtue of the same certificate, excepting where sons are entitled to vote by virtue of the naturalization of their fathers, they and the person who shall offer such second vote, upon conviction thereof, shall be guilty of a high misdemeanor, and on conviction thereof, be fined or imprisoned, or both, at the discretion of the court, but the fine shall not exceed one hundred dollars in each case, nor the imprisonment one year, but the punishment shall be inflicted on the officers only, or the officers of election who shall neglect or refuse to make, or cause to be made, the indorsement required to be upon naturalization certificate.

Sec 6. If any election officer shall refuse or neglect to require such proof of the right of suffrage as is prescribed by this law or the laws to which this is a supplement, or any person offering to vote whose name is not on the list of assessed voters, or whose right to vote is challenged by any qualified voter present, and shall admit such person to vote without requiring such proof, every person so offending shall, upon conviction, be guilty of a high misdemeanor, and shall be sentenced, for every such offense, to pay a fine not exceeding one hundred dollars, or to undergo an imprisonment not more than one year, or either or both, at the discretion of the court.

Sec. 7 Ten days preceding every election for electors of President and Vice President of the United States, it shall be the duty of the assessor to attend at the place fixed by law for holding the election in each election district, and then and there hear all applications of persons whose names have been omitted from the list of assessed voters, and who claim the right to vote, or whose rights have originated since the same was made out, and shall add the names of such persons thereto as shall show that they are entitled to the right of suffrage in such district, on the personal application of the claimant only, and forthwith assess them with the proper tax. After completing the list, a copy thereof shall be placed on the door of or on the house where the election is to be held, at least eight days before the election, and at the election the same course shall be pursued, in all respects, as is required by this act and the acts to which it is a supplement, at the general elections in October. The assessor shall also make the same returns to the county commissioners of all assessments made by virtue of this section; and the county commissioners shall furnish copies thereof to the election officers in each district, in like manner in all respects as is required at the general elections in October.

Sec 8 The same rules and regulations shall apply at every special, and at every separate city, borough or ward election, in all respects as the general elections in October.

Sec 9 The respective assessors, inspectors and judges of the elections shall each have the power to administer oaths to any person claiming the right to be assessed or the right of suffrage, or in regard to any other matter or thing required to be done or inquired into by any of said officers under this act; and any wilful false swearing by any person in relation to any matter or thing concerning which they shall be lawfully interrogated by any of said officers, shall be punished as perjury.

Sec 10. The Assessors shall each receive the same compensation for the time necessarily spent in performing the duties hereby enjoined as is provided by law for the performance of their other duties, to be paid by the County Commissioners as in other cases; and it shall not be lawful for any Assessor to assess a tax against any person whatever, within ten days next preceding the election to be held on the second Tuesday of October, in any year, or within ten days next before any election for electors of President and Vice President of the United States, any violation of this provision shall be a misdemeanor, and subject the officers so offending to a fine on conviction, not exceeding one hundred dollars, or to imprisonment not exceeding three months, or both, at the discretion of the court.

Sec. 11. On the petition of five or more citizens of the county, stating under oath that they verily believe that frauds will be practiced at the elections about to be held, in any district, it shall

The Prohibitory Law

The old liquor license law expired Saturday and the officers of the State Constabulary went around and informed all liquor dealers that they must close their places forthwith None of them complied with the order, however, and the bar rooms are open to day as usual Prosecution will probably be commenced at an early day and the result will be that all the public drinking saloons will be closed and the club rooms of a few years since will be revived Thomas Norton who carried on a small drinking place at the Highlands, was so excited when informed that he must cease his business that he went crazy and hung himself The liquor dealers and hotel keepers to the number of five or six hundred held a meeting at the Parker House this evening to consider what action to take in reference to the threatened enforcement of the Prohibitory law The question was freely discussed and very uncomplimentary allusions were made to the Legislature It was decided not to resist the law as a body, but individually It is likely nearly every dealer will evade, or attempt to A resolution was passed favoring the formation of a new political party at once, its chief purpose being to secure more liberal legislation on the liquor and other questions, and a committee was appointed to take preliminary steps in the matter

Letter from Governor Wells

Gov Wells is out in a letter saying he has never been satisfied that the disfranchisement clause would accomplish the object for which it was framed, and if the majority of the people vote against it all ought to assent to the decision He adds I believe that whichever sections of the Constitution the President prefers to have stricken out, he will submit separately, and the probabilities are the weight of his name will be such that the provisions so submitted will be defeated

The Fishery Question.

OTTAWA, May 4

In the House of Commons Savery moved for a return of the licenses issued to American Fishermen during the last year He held that the treaty as to the three mile limit applied to head lands and not to bays and that while not adopting a prohibitory policy such a license should be imposed as would be some equivalent for the privileges allowed Americans to fish in Canadian waters

Several members from maritime provinces spoke in support of the motion, stating that the former policy should be adopted towards the States to meet the exactions and restrictions imposed on Canadian trade

Anglen, from Nova Scotia, advocated total exclusion of foreign fishermen from the fishing grounds He said in many cases, owing to the encroachments of American fishermen, Nova Scotians had been driven off their own fishing coasts

PETROLEUM MARKETS

OFFICE OF THE MORNING HERALD, TITUSVILLE May 4, 1869—5 p m

The feeling at the opening this morning was considerably improved, and the market on the creek was well attended by buyers The earliest offers to buy were made at $5 50 at points south of Petroleum Centre, and at $5.40 at Miller, Titusville and Pithole Before noon the feeling became stronger and a large demand for Cleveland, and prices advanced five cents on those grades above. Subsequently there was another advance, and sales of round lots were made at $5 50 at Pithole and at $5 60 on the creek About four o'clock the tone was very firm, although the market had become less active, and sales were made at $5 65 at Petroleum Centre This was the highest point reached After five o'clock the feeling became quiet and at the close there was little disposition The immediate cause of the improvement in the market was the demand created by the Cleveland buyers entering the market to cover contracts and nearly all of the amount sold was taken for this purpose.

INTERESTING MATTER ON EVERY PAGE.

Varieties.

The Police benefit ball takes place this evening.

—Dr. Thayer's Circus and Menagerie exhibit in Titusville on Friday and Saturday.

—The Common Council and School Directors hold their regular weekly meetings this evening.

—The Republican primary meetings of Venango county are to be held on the first Friday in June.

—We especially direct the attention of our city Assessors to the Registry law which we publish on our first page to-day. Their duties are important.

—Owing to unavoidable delays, the publication of our Monthly Oil Report is deferred until to morrow.

—L. D. Rucker, Esq., of the Atlantic and Great Western road, has been appointed General Superintendent of the Erie Railway, and goes at once to New York.

—The *Erie Republican* states that the Sheriff of that county has taken possession of the *Dispatch* office, and that it will be sold on Friday to the highest bidder. The liabilities of the concern are stated at $28,000.

—Among the candidates for county offices in Venango county is the name of J. K. Grant for the office of County Treasurer. The name of Grant is a great favorite just now, and a letter from Oil City tells us that Capt. Grant served four years in the army.

A Pitiful Ending

People little know how their next door neighbors live, or much less how they die, but it is not because there is not a feeling of kindness and humanity in all of us, and we often meet with deeds of charity that should be told, though they shrink from notice, for the world is made better by the spectacle. A poor fellow, baffled and wrecked by fortune, breathed his last on the night of Sunday last, near the HERALD office, and Monday he was buried here in Titusville at the public expense. Some may have seen the hearse that moved up Franklin street, at broad noon Monday, and wondered that not a single carriage followed the remains, but the County doesn't provide such luxuries as these. But along the sidewalk were a few men who soberly kept pace with the bier, and who stood reverent near at the grave, and looked with pity upon the last and scene of all dead, and not a cent to bury him, and the county will only pay seven dollars for a coffin!

"He was a nobleman in his own country," says John Cosolowsky, "and he shall be buried like a gentleman." And so John made the narrow house beautiful to look at, and put a silver plate and handle on it, and though it made him poorer, we presume John feels the richer for it. The poor fellow left nothing behind him but his debt to the doctor, and the claim against him for board at Theodore Bartholomay's, unless we except his violin held in pawn at the Chase House, Pleasantville, and his watch which Coroner Strouse has taken possession of, though he held no inquest. We don't see the necessity of such "Coroner's inquest law" in such a case, but if it must be, stick to the letter of it, Simon!

The deceased had seen better days. His name was Capt. De Rose, and he served for years in our war, joining a Regiment at Pittsburgh and doing gallant service as Captain of Artillery. He had been a soldier in many campaigns and countries; in the English army he had fought at Sebastapool; in Germany in 1848-9; was a native of Germany, and was bred to arms, his father being a distinguished Prussian General, his brother also a General in the Prussian army, and resident at Court, at Berlin. A certain mystery hung over the man, his history was never told by himself, and in his last sickness, when spoken to about communicating his condition to his friends, he too ill to speak, made deprecatory motions as if the idea was painful to him. With no profession but arms he did what he could to get a living in this country, acting as night-watchman at Erie, and playing on his violin in the oil regions. His last work was leader of orchestra for the Kate Fisher troupe, and when it decamped he lost his wages, and soon was taken sick; made his home at Bartholomays', on Spring street, took his bed and on Sunday night died suddenly. The Bartholomays took the best of care of the invalid, though he had nothing to remunerate them with, and next door was also another old Union soldier of the 13th New York Cavalry, Carl Duffit who watched by the bed-side of his comrade night after night, and his wife who also ministered to his wants, and who speaks of Capt De Rose as a gentleman all through and who always looked and dressed like one, though he was so poor. He seldom spoke of his past, but not long ago, said it was his intention to start for Europe this spring, and that a considerable sum was coming to him from his mother's estate. The relations of Capt. DeRose in Germany will be apprized of his death, and it will be a comfort to them to know that if he died in a strange land, he still in the extremity of ill-fortune and illness found among his German countrymen those who sympathized with and befriended him.

We were in error in regard to the name of the gentleman at Rynd Farm, who is a candidate for County Commissioner of Venango county. It is Mr. H. B. Nixon and not Nixon as we before had it printed.

A limited amount of Oil City bank notes are wanted by Stowell & Co., Bankers, Rouseville, Pa.

The Registry Law.

On our first page to-day will be found a copy of the Registry Law passed by the last Legislature. We printed the bill after it passed the House, but it was materially amended in the Senate. The document should be carefully and attentively studied by our local politicians until they are familiarized with its provisions. The law, as it passed the Legislature, contains forty-three sections, but the latter part, omitted in our publication, refers solely to the city of Philadelphia. The propriety of some measure to check the progress of fraudulent voting is an admitted necessity by fair men of all parties, and the new law has been drafted to meet this want. It is probable that the experience of a few years will suggest changes and improvements in it, but the principle of a careful registration of voters will always be retained. One of the best features of the new law are the guards it provides to prevent the polling of fraudulent naturalized votes, and the severe punishment imposed on ballot box stuffers, repeaters, etc. The Assessors are required to commence making the registration of voters on the first Monday in June, and to complete and make public their lists on or before the first of August.

Under the provisions of the fifteenth section it will be seen that our next charter election will be held on the second Tuesday of October, when a Mayor, a Board of Excise, and one Councilman and one School Director from each ward will be chosen, the persons elected at such time to take their places at the expiration of the terms of the persons holding the same at the time of such election. No Assessor or Assistant Assessor will be chosen under this act till 1870. The polls hereafter are to be opened between the hours of 6 and 7 a. m. and closed at 7 p. m. Every voter should post himself on the provisions of this law.

Greeley Speaks Out

Greeley at last speaks his mind about the Dana-Young altercation. He stands up with a noble manhship for Young, and he plainly tells Dana that his conduct is as mean as his motive is despicable. At the same time Greeley favors an investigation into the telegraph branch of the controversy. He says

The charges on which Mr Young stands arraigned by *The Sun* on the strength of these letters are substantially these

1. Having an exaggerated conceit of his own abilities and qualifications for journalism, with a corresponding defective appreciation of the merits of some of his present or recent associates;

2. Abusing his position on *The Tribune* and his influence as a journalist to promote his private ends, and especially to procure loans or subsidies for his friends' Philadelphia venture or ventures;

3. Betraying the confidence reposed in him by this establishment to transmit surreptitiously the dispatches of the Associated Press to his Philadelphia journal or journals not entitled to receive them.

With the first of these imputations the public has no proper business, the second we are confident is false and unfounded, the third we trust will prove equally so, but the investigation of interests of others whose right to a searching investigation is unquestionable, no matter what they must think of the motive whereby it has been rendered necessary. We call, therefore, upon our partners in the Associated Press, to institute forthwith a rigorous scrutiny, before some impartial tribunal or tribunal, of the charges of Mr Young with regard to the dispatches of the Association, proposing to take no part in the scrutiny unless we are made the party defendant, but insisting that Mr Young, or whoever may be suspected or implicated, shall not be stabbed in the back, but shall have the opportunity for explanation and defense. We need not add that we consider the offence alleged a very grave one, especially if the offender be one honored and trusted as Mr. Young has been. But, pending such scrutiny, we beg that it be understood that Mr Young has not been removed, nor suspended, nor in any manner condemned by us, as has been mistakenly asserted by the *Sun* and telegraphed all over the country. It is not our custom to pass judgment on any one on the strength of a mere indictment, especially when the finding of it was plainly impelled by envy, malice, and blighted aspirations.

Street Improvements.

Since the adoption of the ordinance extending Main street to Petroleum street, workmen have been engaged in digging a new trench for the diversion of Church Run. The new channel is midway between Main and Walnut streets, and will cross Main street at a right angle. The improvement is effected at the expense of the company who own the territory, and will prove a great benefit to purchasers of real estate there for building purposes. Several new residences are in course of erection in that section, and others are projected. Main street will intersect Pine street at Mr Jonathan Watson's new house, a few yards beyond the toll gate. This will necessitate the removal of the toll gate to a point still further beyond, which is greatly to be desired.

The City Surveyor is engaged in laying out Walnut, lately extended by ordinance from Drake street to Brown street. Brown street is to be formally decreed open, and Brown street will soon follow. No portion of the city would be built up more rapidly after the regulate street improvements are effected.

It is the intention of the Plank Road Company to lay a new double track between this city and Pleasantville, and the work will soon be commenced. The Common Council have consented to grade and plank Pine street from the toll gate to Franklin street. We believe the charter of the company provided that this work should be done at their own expense, but the company have successfully resisted the application on the ground that it is strictly a street improvement within the corporate limits, for which the company cannot be held responsible.

PERSONAL.—In reply to the strictures of the *Star*, on Deputy Collector Allen's resignation, we have been handed the following letter for publication:

TITUSVILLE, May 5 1869

Dear Morning Star—Permit your ever grateful friend to express the thanks due for your appreciative article of this morning on the retirement of C. M. Allen from the office of Deputy ("Sheriff") (*) Collector. Your article has made my mind entirely clear on a subject about which I have heretofore had some doubts, to wit whether I had on all opportune occasions, with sufficient *force* and clearness, uttered my unequivocal condemnation of the late Johnson administration. But your sweeping condemnation of this morning has really elevated me in feelings if not in personal worth. Go on, sir, in your good (*) work. I had not seen your paper since its resuscitation, whether by galvanism or otherwise, until a friend showed me a copy this day. I might now become a subscriber, but that I am careful about the character of the reading, matter that I take into my family.

Truly, C. M. ALLEN, Deputy Collector

OIL FIRE.—About seven o'clock yesterday morning an oil tank at the Keystone well on the Hyde & Egbert farm, containing one hundred and fifty barrels of oil, caught fire from a spark from the smoke stack of the engine. The tank and oil were completely enveloped in flames in a moment, and as all efforts to quench the fire would have proved fatal, it was left to burn itself out, which it did in about two hours. The engine house on the same lease was torn down to prevent the flames from spreading. The loss was about $1,200, and was sustained principally by Mr. G. M. Wright.

Political.

The Republican County Committee of Forest county will meet on the 5th inst. to organize for the campaign. With a thorough organization they can poll their entire vote next Fall.

The Republican County Conventions of Allegheny county, to nominate candidates for the Judiciary, Legislature and county offices are called for the first Tuesday of June. The County Committee voted down the Crawford county system, and passed the following resolution which is a merited tribute to Senator Errett:

"Whereas the Hon. Russell Errett has resigned his position as State Senator, therefore,

Resolved, That the thanks of the people of Allegheny county are due to him for his manly, honest and faithful course as a Senator, and this committee deems it but just and proper to give this expression of their opinion."

For the Senatorial vacancy created by the resignation of Maj Errett the *Commercial* names the following candidates: George Wilson, Thomas Howard, Samuel B. Chiley, Thomas A. Rowley and George H. Anderson.

For Assembly there are named the entire delegation of 1869, except Mr. Wilson, with W. R. Ford, George R. Riddle and David L. Smith of the House of 1868, Samuel Chadwick a member in 1867 and Joseph Walton, D. N. White, Gilbert M. McMaster and Dr. A. M. Barr, who thus far have been lucky enough to keep outside the slaughter house of reputation.

General McCandless is not a candidate for renomination in the First Senatorial District, and it is pretty nearly certain that Hon. Samuel Josephs, who has represented the Third District of Philadelphia in the House during the last seven years, will be the Democratic nominee.

A hot canvass is imminent in Delaware county for the succession to the seat in the Senate, vacated by Speaker Worthington. The district is composed of Chester Delaware and Montgomery counties and the nomination is conceded to Delaware. Col. S. B. Thomas, Capt. H. Jones Brooke and Hon. Elwood Tyson are mentioned as prominent candidates.

The Tax on Bankers and Brokers.

In the matter of the appeal of Clark, Dodge & Co., from an assessment made by the assessor of the Thirty-second District of New York, the Commissioner of Internal Revenue decided as follows:

1st. That a person, firm, or company, having a place of business where credits are opened by the deposit or collection of money or currency subject to be paid or remitted upon draft, check, or order, or where money is advanced or loaned on stocks, bonds, bullion, bills of exchange, or promissory notes, must be regarded as a banker or bankers, under section seventy nine of the act of June 30, 1864, as amended July 13, 1866 and as such are liable to a tax of one twenty fourth of one per centum per month upon their capital employed in the business of banking, beyond the average amount invested in United States bonds, and a like tax of one twenty fourth of one per centum upon the average amount of deposits of money subject to payment by check or draft, or represented by certificate of deposit or otherwise or whether payable on demand or at some future day," under the one hundred and tenth section of the act of June 30, 1864, as amended, and that under this rule, said Clarke, Dodge & Co., are bankers, and liable to said tax on their capital employed.

2d. That in ascertaining the amount of capital of such person, firm, or company, all moneys used and employed in the business of banking, except deposits, should be regarded as capital, and taxed as such, and it is immaterial whether this capital is furnished by the person or persons constituting the firm or company, or borrowed for the purpose of being used in the business of banking, and if borrowed, it is immaterial upon what length of time the loan is made. In large cities, where money is borrowed on collaterals, short loans frequently changed, furnish as certain and reliable capital for banking purposes as much longer loans in the country.

In all such cases, the average amount thus borrowed and employed in the business of banking cannot be ascertained, and treated and taxed as capital.

3d. That in ascertaining the amount of deposits, the average amount per month of all sums of money deposited with such person, firm, or company, "subject to payment by check or draft, or represented by certificates of deposit or otherwise, whether payable on demand or at some future day," for which such person, firm or company pay interest, as well as all like sums for which no interest is paid.

4th. That the same person, firm, or company may be engaged in business as brokers and bankers, and in such case the payment of taxes as brokers does not release them from liability to pay taxes on capital and deposits employed in their business as bankers.

This decision affirms the position heretofore taken by Mr Assess-or Webster. Its enforcement will it is thought, increase the revenue in New York alone some ten millions of dollars per annum over the amount heretofore collected before the questions thus disposed of were raised.

CAPT. HENRY A. WISE of the navy, whose death was recently announced, may be held up hereafter as an example of gallantry and fidelity. He was born in Brooklyn, New York, May 24 1819, and entered the navy at a very early age, by the interest of his namesake Governor Wise of Virginia. On his return from Japan, early in 1861, he was met by the most earnest solicitations, joined to offers of high command, to join the confederates—his family being all Virginians. But he remained firm to his allegiance, rendering invaluable services throughout the war as second, and afterwards chief in the Naval Ordnance Bureau. Every vessel in the navy was armed under his orders, and it may be said that without his science and devotion our naval honor could not have been maintained as it was. He was consulted and trusted by Mr. Lincoln to a second degree. Under this arduous work he rapidly broke down; and though he procured leave of absence in Europe last year, it was of no avail, and his friends have for some time been expecting the news of his decease. He married, August 20, 1850 Charlotta Brooks, daughter of Hon Edward Everett, and she with four children survives him.

THERE has been some curiosity to learn the provisions of the "Married Women's Property bill," which, the cable has informed us, was brought before the House of Commons two weeks since. We have before us a synopsis of the bill, as follows,

It provides that a married woman shall be as capable of holding and dealing with real and personal estate as if unmarried and being sued, as if she were a single woman. Every woman who marries after the passing of the act may hold all property, real or personal, possessed or acquired before or after marriage, free from the control of her husband, and her earnings in any separate trade or occupation will be regarded as her personal property. On the other hand, husbands are not to be liable for debts of their wives, either before or after marriage, nor liable in damages for any wrong committed by them. Upon the death of a wife intestate, the husband will take only the share in her personal estate as a wife now takes in the personal estate of an intestate husband. Such are the leading clauses of the "Married Women's Property bill," which is to date from the first day of next year."

There is no doubt that the English law of property and contract with respect to married women, is unjust, but the present measure is so sweeping that it will certainly startle English husbands.

JUDGMENT NOTES.—It has been currently reported that the last Legislature passed an act affecting this class of notes. The following letter sets the matter at rest

HARRISBURG, Pa., May 3, 1869

Messrs Blass Brothers & Cogswell:

GENTLEMEN.—In reply to your letter of 30th inst, I am directed to state that the act affecting "light notes" failed to become a law. It did not pass the Senate.

Respectfully,

THOMAS McCAMANT,

Chief Clerk, State Dep't.

Protection of Soldiers.

The following bill for the protection of soldiers and their heirs, was passed by Congress near the close of the session. The object of it is to have all bounties hereafter paid to the claimants in person, and not through the intervention of attorneys or agents. The last section does seem to be as clear as it should be:

A resolution for the protection of soldiers and their heirs.

Resolved by the Senate and House of Representatives of the United States of America, in Congress assembled, That the accounting officers of the Treasury and Pay Department who are charged with the settlement and payment of bounties due to soldiers or their heirs, be, and they are hereby directed to pay or cause to be paid the sums found due to the said soldiers or their heirs in person, or by transmitting the amount to them direct in a draft or drafts, payable to his, her, or their order, or through the Freedmen's Bureau, or State agents appointed specially for that purpose, or governors of national asylums, or pension agent of the district where he, she, or they may reside, and not to any claim agent or upon any power of attorney, transfer, or assignment whatever.

Sec. 2. *And be it further resolved,* That any officer or clerk of any of the executive departments of the Government who shall be lawfully detailed to investigate frauds, or attempts to defraud, on the Government, or any irregularity or misconduct of any officer or agent of the United States, shall have power to administer oaths to affidavits taken in the course of any such investigation.

Sec. 3. *And be it further resolved,* That the fees allowed by law to attorneys or agents shall be reserved by the Pay Department or said pension agent, and paid to said agent or attorney when any such fees are due for services rendered in procuring such bounty or bounties, and not otherwise.

Approved April 10, 1869.

Board of Excise.

Board met at Council Room Monday evening May 3, 1869. Full Board in attendance. Judge Chase presiding.

Mr. Bryan was sworn in.

Applications for license were considered and acted upon as follows:

Andrew Kraffert for hotel license, granted; W. M. Thompson do, granted; Sebastian Hahn, do., refused.

The consideration of the application of McNamara for license to sell liquor with other goods, was, on motion of Mr. McCrum, postponed until Thursday evening, 6 h inst.

On motion of Mr McCrum, Judge Chase, Mr Bryan and Mr. Kellogg were chosen as a committee to prepare a notice of the organization of the Board, their power to grant and revoke licenses, &c.

On motion adjourned to meet Thursday evening, May 6 h, at Council Room at 7½ o'clock.

GEO. A. CHASE, Clerk

DEFEATED candidates for Congress have it is stated, of late years, been in the habit of contesting the seats of their successful competitors in order to secure the amount usually involved to pay their expenses. During the last twelve years the payments have amounted to $108,743 to unsuccessful contestants, and to $99,653 to candidates who were unseated, making a total of $178,396. In order to prevent the extravagant expenditure, a bill passed the last House, and will probably become a law early next session, providing that in cases of contested seats no money shall be paid to either candidate until a decision is reached by the House, when the salary shall be given to the member legally elected. No greater amount of money is to be paid to the person declared not to be entitled than has actually been expended by him.

AT the annual meeting last evening the following persons were elected as officers of the Young Men's Christian Association.

G. F. Chester, President; C. H. Smith, S. T. Neill, Vice Presidents; G. M. Lyons, Recording Secretary; C. N. Fuller, Corresponding Secretary; C. G. Robinson, Treasurer.

MISCELLANEOUS.

PATENT

SAFETY POWDER.

IMPORTANT TO

Engineers and Contractors.

We would call attention to the following testimonials:

BOSTON, Oct. 2, 1868.

GEN. J. G. FOSTER, U. S. A.—*Sir:* My experience with the Patent Powder warrants me in recommending it in blasting Corwin Rock, as I am confident with the other powder one I cannot do the work without great loss of time and heavy cost.

Your obedient servant,

GEO. W. TOWNSEND,

Submarine Engineer.

BOSTON, Oct. 16, 1868.

DEAR SIR: I enclose to you a communication addressed to Mr Geo. W. Townsend, Contractor, relative to the merits of The Patent Powder. I agree with Mr. Townsend that for submarine blasting it is the best powder we have as yet tried, and I would recommend its use under similar circumstances.

Very respectfully, your obt servt,

J. G. FOSTER,

Br. Maj. General U. S. A.

The merits of this Powder are:

1st. Its power far exceeds the best Gunpowder, and will therefore save a large per centage in the cost of labor.

2d. Its perfect safety in handling, storing and transportation, as it will only explode when in the hole covered with usual tamping, entire absence of air being necessary to produce explosion.

3d. Explosion generates little or no smoke, and the odor is entirely inodorous.

4th. Water may be substituted for hard tamping.

5th. Damp powder does not deteriorate it.

DARTMOUTH WARREN, ENGLAND.

From W. TATHAM, Esq., Submarine Engineer to the Lords of the Admiralty, not of Plymouth.

DARTMOUTH, DEVON.

DEAR SIR: I have tried your Powder and want it in charge of about 150 lbs. each, for Submarine Works (but not yet used), and shall use it at the entrance of this Harbor, and am happy to state that the results have been most satisfactory; the Powder is much stronger than Gun powder; it is in every respect to be recommended for Submarine blasting, one of the great advantages being that it may be transported and stored with safety.

I am, dear Sir,

(Signed) W. TATHAM,

Submarine Engineer to the Lords of the Admiralty.

STRAKER BROTHERS, No. 227, Chestnut Street,

PHILADELPHIA, Feb. 24, 1868.

W. H. JACKSON, Esq., President Oriental Powder Co.

DEAR SIR: I have used your Patent Explosive compound introduced to me by your agent) for some time past. In solid rock we find it a very destructive agent. We have used it in all ways.

About three weeks ago, in the presence of several gentlemen, we exploded a hole four inches in diameter, seven feet deep, using four ounces of the compound (in cartridges) with the length of the hole so) with very satisfactory results. Of the fifty cases shipped to you, we have used two, where we should have used one hundred kegs of Blasting Powder, thus forcing a conviction that they much prefer the compound on account of its safety.

It does the work in much less drilling about one hole in five. We think by what we have seen of its effects there is a great saving above Gunpowder.

Yours truly, GEORGE STEARNS,

Contractor of the Baltimore Central Railroad.

W. H. JACKSON, Esq., President Oriental Powder Co., 16, State Street, Boston.

DEAR SIR: We have given your new Blasting Compound a very thorough trial in our work on Seventh Avenue, between 14th and 15th Streets, and can fully endorse all you claim for it, viz., safety in handling and superior strength.

In wet and cold holes and also in deep holes in solid rock for safe and effective work, we think a very great gain would be in favor of ordinary powder.

Respectfully yours,

J. P. SULLIVAN,

O. HISDOE,

Contractors Central Park, New York.

The undersigned having used the Oriental Patent Safety Powder in blasting Oil Wells, concur fully in the statements made, as set forth in the following certificates.

J. HENRY BEHAM,

RALPH BAKER,

WM. RICKARDS, Jr.,

C. F. FOWLER.

NOTICE.—On and after May 1st, the Patent Safety Powder will be sold at the office of the undersigned at twenty five cents per keg.

[CONTINUED FROM FIRST PAGE.]

ed and duty of the Court of Common Pleas of said county, if in session, or if not, a judge thereof in vacation, to appoint two judicious, sober and intelligent citizens of the county to act as overseers at said election; said overseers shall be selected from different political parties, where the inspectors belong to different parties, and where both of said inspectors belong to the same political party, both of the overseers shall be taken from the opposite political party; said overseers shall have the right to be present with the officers of the election, during the whole time the same is held, the votes counted, and the returns made out and signed by the election officers; to keep a list of voters, if they see proper; to challenge any person offering to vote, and to interrogate him and his witnesses, under oath, in regard to his right of suffrage at said election, and to examine his papers produced; and the officers of said election are required to afford to said overseers so selected and appointed every convenience and facility for the discharge of their duties; and if said election officers shall refuse to permit said overseers to be present and perform their duties as aforesaid, or if they shall be driven away from the polls by violence or intimidation, all the votes polled at such election district may be rejected by any tribunal trying a contest under said election: *Provided*, That no person signing the petition shall be appointed an overseer.

Sec. 12. If any prothonotary, clerk, or the deputy of either, or any other person, shall affix the seal of office to any naturalization paper, or permit the same to be affixed, or give out, or cause or permit the same to be given out, in blank, whereby it may be fraudulently used, or furnish a naturalization certificate to any person who shall not have been duly examined and sworn in open court, in the presence of some of the Judges thereof, according to the act of Congress, or shall aid in, connive at, or in any way permit the issue of any fraudulent naturalization certificate, he shall be guilty of a high misdemeanor; or if any one shall fraudulently use any such certificate of naturalization, knowing that it was fraudulently issued, or shall vote, or attempt to vote thereon, or if any one shall vote, or attempt to vote, on any certificate of naturalization not issued to him, he shall be guilty of a high misdemeanor; and either or any of the persons, their aiders or abettors, guilty of either of the misdemeanors aforesaid, shall, on conviction, be fined in a sum not exceeding one thousand dollars, and imprisoned in the proper penitentiary for a period not exceeding three years.

Sec. 13. Any person who on oath or affirmation, in or before any Court in this State, or officer authorized to administer oaths, shall, to procure a certificate of naturalization, for himself or any other person, willfully depose, declare or affirm any matter to be fact, knowing the same to be false, or shall in like manner deny any matter to be fact, knowing the same to be true, shall be deemed guilty of perjury, and any certificate of naturalization issued in pursuance of any such deposition, declaration or affirmation, shall be null and void; and it shall be the duty of the Court issuing the same, upon proof being made before it that it was fraudulently obtained, to take immediate measures for recalling the same for cancellation; and any person who shall vote, or attempt to vote, on any paper so obtained, or shall in any way aid in, connive at, or have any agency whatever in the issue, circulation or use of an fraudulent naturalization certificate, shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall undergo an imprisonment in the penitentiary for not more than two years, and pay a fine, not more than one thousand dollars, for every such offense, or either or both, at the discretion of the Court.

Sec. 14. Any assessor, election officer or person appointed as an overseer, who shall neglect or refuse to perform any duty required in this act, without reasonable or legal cause, shall be subject to a penalty of one hundred dollars, and if any assessor shall assess any person as a voter who is not qualified or shall refuse to assess any one who is qualified, he shall be guilty of a misdemeanor in office, and on conviction be punished by fine or imprisonment, and also be subject to an action for damages by the party aggrieved; and if any person shall fraudulently alter, add to, deface or destroy any list of voters, made out as directed by this act, or tear down or remove the same from the place where it has been fixed, with fraudulent or mischievous intent, or for any improper purpose, the person so offending shall be guilty of a high misdemeanor, and on conviction shall be punished by a fine not exceeding five hundred dollars, or imprisonment not exceeding two years, or both, at the discretion of the Court.

Sec. 15. All elections for city, ward, borough, township and election officers shall hereafter be held on the second Tuesday of October, subject to all the provisions of the laws regulating the election of such officers not inconsistent with this act; the persons elected to such offices at that time shall take their places at the expiration of the terms of the persons holding the same at the time of such election, but no election of the office of Assessor or Assistant Assessor shall be held, under this act, until the year 1870.

Sec. 16. At all elections hereafter held, under the laws of this Commonwealth, the polls shall be opened between the hours of six and seven o'clock a. m., and closed at seven o'clock p. m.

Sec. 17. It shall be the duty of the Secretary of the Commonwealth to prepare forms for all the blanks made necessary by this act, and furnish copies of the same to the County Commissioners of the several counties of the Commonwealth, and the County Commissioners of each county shall as soon as may be necessary after receipt of the same, at the proper expense of the county, procure and furnish to all of the election districts of their respective counties copies of such blanks, in such quantities as may be deemed necessary for the discharge of their duties under this act.

Sec. 18. None of the foregoing provisions of this act shall apply to the city of Philadelphia, excepting sections twelve and thirteen.

Sec. 19. That citizens of this State temporarily in the service of the State or of the United States governments, on clerical or other duty, and do not vote where thus employed, shall not be thereby deprived of the right to vote in their several election districts if otherwise duly qualified.

Sec. 20. The act, entitled "A further supplement to the act relating to the elections of this Commonwealth," approved April fourth, Anno Domini one thousand eight hundred and sixty eight, and all other laws altered or supplied by this act, be and the same are hereby repealed.

TO OIL MEN.

TO OIL OPERATORS.

I have invented a new and useful instrument for

Searching and Scraping

the walls in Oil Wells, removing the Paraffine or other substance from the sides of wells, and indicating the locality of any Crevice, be it ever so small. This

CREVICE SEARCHER & SCRAPER

has been used in a number of Wells, and all who have seen its workings pronounce it to be far preferable to anything now in use, as it will make the same receipt in coming up as when lowered into the well, and the same the second time as the first, and will not indicate a Crevice for every Spoil that may have been broken out of the rock when the well was being drilled, and thus lead the well owners to Explode Torpedoes or Take their wells in the wrong place and occasioning a great expenditure of time and money without any beneficial results.

I will guarantee to all who may favor me with their Custom, that they will be satisfied that the record furnished them of their wells is correct and reliable.

All orders directed to me at Titusville, Box 164, or left at my residence on Church Run will be promptly attended to.

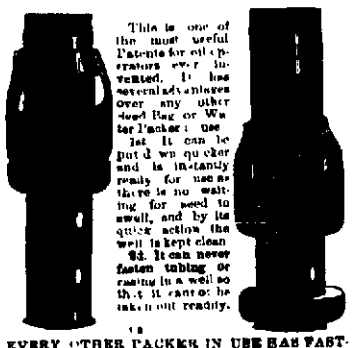
Griffin's Patent

WATER PACKER.



This is one of the most useful Patents for oil operators ever invented. It has several advantages over any other Steel Bag or Water Packer: One

1st. It can be put down quicker and is instantly ready for use as there is no waiting for seed to swell, and by its quick action the well is kept clean.

2d. It can never fasten tubing or casing in a well so that it can not be taken out readily.

EVERY OTHER PACKER IN USE HAS FASTENED STRINGS OF TUBING AND CASING, SO THEY CANNOT BE DRAWN FROM THE WELL.

3d. It is so constructed by means of a left hand screw thread that it can be loosened in a few minutes and removed from the well without difficulty. Even the caving in of the rock above the packer will not prevent the casing being drawn out readily. It can be taken out and put back without repairs.

4th. This is the only Water Packer in use that has a Patent on, all others being an infringement upon the rights secured by letters Patent granted by the United States to Anson D. Griffin, August 15th, 1867. The Packer is now offered to the public at the low price of Twelve Dollars each, and the money will be refunded by us or our agents to all parties buying them where they do not give entire satisfaction.

CAUTION.--The public is cautioned against employing any but the regularly authorized agents of this Company, since their patent covers the use of the Torpedo and all other explosive materials for Oil Wells, and the use of such matter as by other parties is a direct infringement of their rights, and we shall hold land or working interests to a strict accountability for such infringement. Injunctions have already been granted by the United States District Court upon the patents granted by the United States to E. A. L. Roberts against the Reed Torpedo Company, their agent and employees, Lemuel Watson, Fred Crocker, Elias Beach, G. M. Van Vliet, J. H. Inlow, and others.

Patent Sucker Rod Manufactory,

Pioneer Venango Co., Pa.

Having during the past winter made very extensive arrangements in machinery and tools for the manufacture of

Sucker Rods,

I am happy to inform oil operators and the public generally that I am prepared to furnish rods in sufficient quantities to meet any demand however large on short notice. Having contracted with several parties from whom I am receiving the very

Best White Ash and Hickory Poles,

there will be no delay from this source as heretofore and no pains will be spared to make my Rods the best that have ever yet been placed before the public.

Thanking the operators for past patronage, I shall endeavor to produce an article worthy of a continuance of the same.
